The Mortimer Room**

THE ART OF FILM

By Allan Phillipson

This talk explores how film makers use the camera to tell a story, what techniques they employ, and with what results. The main focus will be Hollywood's golden age, with a case study of the work and career of Billy Wilder, and the many icons that he filmed (Marilyn Monroe, Audrey Hepburn, Gloria Swanson, Humphrey Bogart, William Holden, and many more).

Members £3. Visitors £1.
