

ARTS, CRAFTS AND MUSIC GROUP

VISIT TO STUDIOS OF LIZ BROOKE WARD AND JACKIE GARNER

Morning of Monday 15 May, departing at 9.50 by cars from the library

Liz Brooke Ward creates beautiful work with textiles, including applique and embroidery (above). She will explain the techniques she uses and how she develops ideas. You will have the opportunity to handle some of her pieces.

Jackie Garner is a wildlife artist and has travels to study animals and birds as she likes to experience them in their own environment (below). She has an outstanding ability to portray these.

Limited parking means there are number restrictions on this trip. Please either email me at janebodkin@hotmail.com, or sign up on the list in the Nailsworth Society folder in the TIC, indicating whether you would like a lift or can offer one, and I will arrange the car sharing and send out a map. Both live just the other side of Stroud.

It would be very helpful if you could sign up before Easter!
