MAIDEN VOYAGES

WOMEN AND THE GOLDEN AGE OF TRANSATLANTIC TRAVEL

SIÂN EVANS

Cruising has expanded enormously in recent years but has actually been going on between Europe and North America since the early years of the twentieth century. Some travelled for leisure, others to work, forming a microcosm of contemporary society. The ships themselves and their interiors provided great opportunities for creative design. *Maiden Voyages* captures the golden age of ocean liners through the stories of the women whose transatlantic journeys changed the shape of society on both sides of the globe.
