Sue Condie Gardner Artist & Performance Designer

Sue is a multi-disciplinary Artist and Designer based in Stroud. She combines a background in theatre design with illustration having recently completed an MA with Falmouth university. A visual language incorporating layers of papers, fabrics, stitch and print, and a fascination for the passing down of objects and skills through generations led to an exhibition 'Memory Threads' at the Three Storeys Gallery in 2023. Sue will share her journey by showing a rare glimpse into some of the 3D models and drawings for theatre productions as well as some of the processes involved and talk about her passions for community work and textiles.
